Water Cooling Support :	x 7
Colour:	black
Chassis:	metal
Dimensions:	619mm (D) x 229mm(W) x 567mm (H)
Weight N.W:	
Complies with:	CE & FCC, RoHS

*HPTX form factor: 13.6 x 15 inches (34.5 cm x 38.1 cm)

Special Features

> **Fan Delay.** The fan delay kit needs to be connected to the multi-link connector on JOUJYE gaming power supply. All system fans connected to the fan delay socket will keep running a couple of minutes, after shutting down the computer. This function will cool down all computer parts and extend their life cycle.

> **Supports Dual Power Supply.** This function is designed especially for JOUJYE Multi-link PSU. It can be used to link 2 JOUJYE PSU together.
