

NU1290 beige/silver

- ✓ Thermally advantaged chassis with upgraded vent holes
- ✓ Screwless front panel
- ✓ Detachable Drive Cage and screwless installation for ODD and 3.5" Card Reader
- ✓ HDD shockproof rubber kits
- ✓ All around folded metal edge

An elegant slim case design suitable for the installation of Micro ATX boards. The cover and the component holders inside the case are screwless and can be removed easily, but still safely.

The case can be positioned either horizontally or vertically and the elegant feet can be moved flexibly.

It is also possible to round off the chassis with our TFX 300W power supply that convinces by its reliability and its energy efficiency (80Plus Bronze)
